Carrie is now developing her muscle with a pair of dumb bells, and proposes to subjugate old Tom Carter's freekled-faced boy if she has to break his neck and horsewhip old Tom if he interferes .- Heppner Gazette. The editor of a paper in Schenectady in 1854, and to \$126,000,000 in 1876; but in describing the effects of a squall upon

a canal boat, says that "when the gale

was at its highest, the unfortunate craft

heeled to larboard and the captain and

another cask of whiskey rolled overboard.". The fact that less than 6,000,000 trade dotlars have been presented for redemp-

There has just been completed in London another tunnel under the Thames, a mile long, starting from a point just north of London bridge. It took only about four months to build, cost £25,000, and is expected to be one of the best-paying enterprises of the day.
